

High Adventure Award Application

The mission of the Greater Los Angeles Area Council (GLAAC) High Adventure Team is to develop and promote outdoor activities within the Council and by its many Units. To insure the highest level of a safe, enjoyable experience for all participants, Unit Leadership is required to take the following specific actions for its members to qualify for a High Adventure award that is sponsored by the GLAAC-HAT.

- ◆ Comply with the General Requirements section of Hike Aid 6, "High Adventure Awards Program".
- ◆ Satisfy, as a Unit or individually, each of the Specific Requirements for the award as shown in Hike Aid 6.
- ◆ Obtain awards earned by participants by completing the following application, getting any required GLAAC-HAT approval, and submitting it to the Scout Shop.

Note: The GLAAC-HAT does not approve a Unit's outdoor program or specific outings or activities. That is the responsibility of the Unit Committee.

Pre-Trip Planning Review

HAT review of the adequacy and completeness of the Unit's planning before the trek is required for participants to earn any GLAAC-HAT sponsored long-term backpacking award involving three or more nights.
